STATEMENT OF FACTS

Location of Violation Facebook, public post by the Respondent (link in attached statement, para. 8)

Date and Time of Violation October 10, 2026; still public on October 11, 2026

Please explain the basis for your complaint. If necessary, attach additional sheets.

On October 10, 2026, the Respondent posted 78 graphics on Facebook that use the Free State Project's name and logo and the word "ENDORSED" to claim that the FSP endorsed 136 candidates: 135 Republican candidates on the November 3 ballot and one write-in candidate.

The FSP endorsed none of them. On October 11, 2026, the FSP publicly declared the graphics false and unauthorized. As a 501(c)(3) organization it may not endorse candidates.

The Respondent acted knowingly. He is the former NHDP Political Director, a county party officer, a paid campaign strategist, and a PAC treasurer, and he instructs voters on NH election law. His caption says 'aligned with'; his graphics say 'ENDORSED.'

See the attached statement and Exhibits A to R. Requested: a charge under RSA 666:6 with class A penalties, and an order to remove the graphics and publicly state that the endorsements were false.

DEPARTMENT OF JUSTICE, ELECTION LAW UNIT
COMPLAINT: KNOWING VIOLATION OF RSA 666:6
(Statement attached to Election Law Complaint Form)

Complainant: Ross Berry, [REDACTED], Weare, NH [REDACTED], [REDACTED],
Ross@BerryForNH.com

Respondent: Sebastian Fuentes, [REDACTED], Thornton, NH [REDACTED]

I. NATURE OF THE COMPLAINT

1. On October 10, 2026, the Respondent published on his public Facebook account 78 graphics that use the name and porcupine logo of the Free State Project ("FSP") to represent that the FSP endorsed 136 candidates: 135 Republican candidates on the November 3, 2026 general election ballot and one write-in candidate. (Ex. A; Ex. B; Ex. C; Ex. Q.) The FSP endorsed none of them. On October 11, 2026, the FSP publicly declared the graphics "false and unauthorized." (Ex. R.) The Complainant is one of those candidates. He is the Republican candidate for State Representative in Hillsborough District 44, and the Respondent's Weare graphic names him. (Ex. B, graphic 75; Ex. Q.) The Respondent acted purposely and knowingly, to influence votes, in violation of RSA 666:6.
2. The Respondent is a political professional: a former Political Director of the New Hampshire Democratic Party, a county party vice chair, a 2024 national convention delegate, a paid campaign strategist, a political committee treasurer, and a voter-outreach director who instructs voters on New Hampshire election law. He published 78 graphics that declare an endorsement the FSP does not give.

II. THE RESPONDENT

3. The New Hampshire Democratic Party ("NHDP") staff page, archived by the Internet Archive on March 22 and July 9, 2025, lists the Respondent as Political Director, who "Oversees the NHDP Political Department" and handles grassroots mobilization in Grafton, Coos, and Carroll counties. (Ex. L.) A Federal Election Commission record of his August 2, 2024 contribution lists him as "POLITICAL DIRECTOR" of "NHDP." (Ex. M.)
4. The NHDP's State Committee rosters of August 6 and December 9, 2025 list the Respondent as Vice Chair of the Grafton County Democratic Committee and as a Party Leader and Elected Official delegate in New Hampshire's delegation to the 2024 Democratic National Convention. (Ex. E.)
5. In 2026, Maggie for Congress and Ro for Congress Inc paid the Respondent \$7,419.35, in three payments, for "political strategy consulting." (Ex. M.)

6. The Respondent is the registered treasurer of Renew Power PAC NH, a political committee registered with the New Hampshire Secretary of State since October 18, 2022. That committee gave money to twelve New Hampshire candidates in 2022. (Ex. N.)
7. The Respondent is Outreach & Field Director of Rights & Democracy NH. (Ex. D.)

III. FACTS

8. On Saturday, October 10, 2026, the Respondent published a public Facebook post containing 78 graphics:
<https://www.facebook.com/sebastianfuentessalazar/posts/10165242975146552>. On October 11, 2026, the post remained public and uncorrected. (Ex. A; Ex. B.)
9. Each graphic bears the name of a New Hampshire community, the heading "COMMUNITY AWARENESS ALERT," the FSP's porcupine logo with the words "FREE STATE PROJECT" and "NEW HAMPSHIRE," the word "ENDORSED," and the names of one or more candidates. (Ex. B.) The logo is the FSP's own logo as published on fsp.org. (Ex. B.) The graphics name 136 candidates in 76 communities: 135 Republican candidates on the Secretary of State's general election candidate list and one write-in candidate. (Ex. C; Ex. Q.)
10. The post's caption directs readers to "Find your town in these images and share it! Your town isn't here? Share it anyways!" (Ex. A.)
11. The FSP is a nonpartisan 501(c)(3) organization. Its website states that it "does not run or financially support or endorse candidates." (Ex. F.) On September 24, 2026, InDepthNH published the statement of the FSP's executive director, Eric Brakey, that the FSP does "not run candidates, endorse candidates, or financially support candidates." (Ex. G.) A 501(c)(3) organization is one "which does not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of (or in opposition to) any candidate for public office." 26 U.S.C. § 501(c)(3).
12. The FSP's published terms prohibit any use of its name and logo without its prior written consent. (Ex. H.) The FSP did not authorize the graphics. (Ex. R.)
13. On October 11, 2026, the FSP issued a public statement on its website and on X. (Ex. R.) The statement says:

"The Free State Project has not endorsed any candidate in the 2026 election. Circulating graphics claiming FSP candidate endorsements are false and unauthorized."

"Graphics circulating on Facebook through New Hampshire Democratic Party affiliated pages use the Free State Project's name and logo to falsely claim that we have endorsed candidates for the New Hampshire House."

"People are free to debate our ideas and criticize our organization. They should not fabricate endorsements or use our logo to mislead voters." (Eric Brakey, Executive Director.)

The FSP asks everyone responsible for publishing or sharing the graphics to remove them and publicly correct the false claims, and it has submitted its own election-law complaint to the Department of Justice concerning a post of the graphics by the "Salem, NH Democrats" Facebook page. (Ex. R.)

14. By 3:08 p.m. on October 11, 2026, the post had been shared 123 times. (Ex. A.) Readers repeated the false endorsement as fact. A commenter on the Respondent's own post referred to the Republicans "who sought these endorsements." (Ex. J.) The campaign page of Wendy Larson, a Democratic candidate for State Representative (Ex. Q), shared the Respondent's South Hampton graphic with the statement "JD Bernardy is an endorsed candidate by the Free State Project!", and a reader replied urging a vote against him. (Ex. K.)
15. Democratic Party committees spread the graphics. The Windham, NH Democrats shared the Respondent's post and stated that three named Windham candidates "are endorsed by The Free State Project." The Rochester NH Democratic Committee posted the Respondent's Rochester, Strafford, Barrington, and Milton graphics on its own page and wrote that "These Free State candidates need to be defeated." (Ex. P.) The FSP's own statement confirms that the graphics circulated "through New Hampshire Democratic Party affiliated pages." (Ex. R.)

IV. VIOLATION

16. RSA 666:6 provides that any person "who shall by false representation, use, employ or assign the name of any other person . . . on a radio or television broadcast or other means of communication, to signify endorsement of a political party, candidates or programs, or, for the purpose of influencing votes, shall be guilty of a misdemeanor." (Ex. I.)
17. The FSP is a "person." It is a nonprofit organization. (Ex. F.) "Person" extends to "bodies corporate," RSA 21:9, and includes "a corporation or an unincorporated association," RSA 625:11, II. RSA 625:11 applies to offenses defined outside the Criminal Code. RSA 625:7.
18. RSA 666:6 is violated when a person, by false representation, uses another's name on a means of communication "to signify endorsement of . . . candidates" or "for the purpose of influencing votes." Both are present here. The Respondent used the FSP's name and logo, by false representation, on a public Facebook post shared 123 times, to signify the FSP's endorsement of 136 candidates, for the purpose of influencing votes in the November 3, 2026 general election. (Ex. A; Ex. B.) The statute does not require that a

false endorsement help the candidate. A false endorsement used to turn voters against a candidate is a use "for the purpose of influencing votes."

19. Each graphic names different candidates in a different community, and readers shared single graphics on their own. (Ex. K; Ex. P.) Each of the 78 graphics is a separate use of the FSP's name.
20. RSA 666:6 does not reach opinion about candidates. It reaches a false statement of fact about a third party: that the FSP gave an endorsement it does not give. Whether an organization endorsed a candidate is a fact that can be checked. The FSP has checked it and declared the endorsements false. (Ex. F; Ex. G; Ex. R.)
21. The Attorney General enforces RSA 666:6. On April 24, 2023, Michael Drouin pleaded guilty in Hillsborough County Superior Court to False Documents, Names, Endorsement for a Craigslist advertisement that purported to have been written by a State Representative candidate on the day of the April 13, 2021 Hillsborough District 12 special election. He received a 90-day jail sentence, all suspended, and lost his right to vote under Part I, Article 11 of the New Hampshire Constitution. (N.H. Dep't of Justice press release, "Michael Drouin Pled Guilty to False Documents, Names, Endorsement During April 13, 2021 Special Election," <https://www.doj.nh.gov/news-and-media/michael-drouin-pled-guilty-false-documents-names-endorsement-during-april-13-2021>.)

V. THE RESPONDENT ACTED PURPOSELY AND KNOWINGLY

22. A person acts purposely when his "conscious object" is to engage in the conduct, and knowingly when he "is aware that his conduct is of such nature or that such circumstances exist." RSA 626:2, II(a), (b). Knowledge of the law is not an element of the offense. RSA 626:2, V. The Respondent knew the law, knew the facts, and acted with purpose.

A. He knows what an endorsement is and who gives one.

23. As NHDP Political Director, the Respondent oversaw the party's Political Department. (¶ 3; Ex. L.)
24. As a county party vice chair and a 2024 national convention delegate, the Respondent has held leadership roles in a political party. (¶ 4.)
25. In 2026, two congressional campaigns paid the Respondent for political strategy consulting. (¶ 5; Ex. M.)
26. As registered treasurer of a New Hampshire political committee, the Respondent answers for that committee's compliance with New Hampshire election law. That committee gave money to twelve New Hampshire candidates in 2022. (¶ 6; Ex. N.)

B. He instructs voters on New Hampshire election law.

27. On October 5, 2026, five days before the post, Open Democracy NH and Rights & Democracy NH published a Spanish-language video in which the Respondent, identified on screen as "Outreach & Field Director, Rights & Democracy NH," instructs voters on New Hampshire voter registration law. (Ex. D.)
28. In the video, the Respondent tells voters that a first-time New Hampshire voter must prove U.S. citizenship, and that a voter without a passport or birth certificate can sign a sworn affidavit under penalty of perjury. The English text of the post states that the Qualified Voter Affidavit "has been RESTORED" as of May 28, 2026, and that a voter can register "by completing a QVA and swearing to your U.S. citizenship under penalty of perjury." (Ex. D.)
29. The Respondent tells voters that the voter affidavit is signed under penalty of perjury. (Ex. D.) Five days later he published 78 graphics that state an endorsement the FSP does not give.

C. He knew the FSP does not endorse candidates.

30. The FSP's website states that the FSP "does not run or financially support or endorse candidates." (Ex. F.) On September 24, 2026, sixteen days before the post, InDepthNH published the FSP executive director's statement that the FSP does not endorse candidates. (Ex. G.)
31. The Respondent's own caption states that voters "deserve to know who the Free Staters are, what they stand for, and how they're influencing our elections." (Ex. A.) He presented himself as informed about the FSP and its role in elections.
32. The FSP's 501(c)(3) status is public. (Ex. F; Ex. G.) Federal law conditions that status on not intervening in any campaign for or against a candidate. (§ 11.)

D. He chose the false word.

33. The Respondent's caption calls the candidates "aligned with the Free State Project." (Ex. A.) His graphics put the word "ENDORSED" directly under the FSP's name and logo. (Ex. B.) In his own voice he claimed an alignment. In the FSP's name he claimed an endorsement. The only organization named on the graphics is the FSP. (Ex. B.)
34. The Respondent directed readers to share the graphics town by town. (Ex. A.) Single graphics then circulated without his caption. (Ex. K; Ex. P.) Readers who saw the caption still read the graphics as endorsements. (Ex. J.) He placed the false claim on the material he directed others to spread.

E. He published the false endorsements deliberately.

35. Every graphic displays the FSP's name, in the words "FREE STATE PROJECT" and "NEW HAMPSHIRE" around the FSP's porcupine logo, directly above the word "ENDORSED." (Ex. B.)
36. The Respondent published all 78 graphics under his own name, in one post, with instructions to share them. (Ex. A.) Each graphic uses the same template and carries the name of one community and its candidates under the heading "COMMUNITY AWARENESS ALERT." (Ex. B; Ex. C.)
37. The Respondent chose to publish 78 graphics that each show "ENDORSED" under the FSP's name, and he left them up. (Ex. A; Ex. B.)

F. He aimed the false endorsements at voters.

38. The Respondent published the 78 graphics, each headed with the name of a community, 24 days before the general election, with instructions to share them. His caption states that "People deserve to know who's running for office, whose agenda they're pushing, and what's at stake for our communities." (Ex. A.)

G. Two months earlier he used the FSP logo with the word "aligned."

39. On August 1, 2026, the Respondent published a graphic headed "CAUTION" and "FREE STATE ALIGNED CANDIDATES," bearing the FSP's porcupine logo with a red X across it and listing candidates in the September 8 Democratic primary, and urged readers to "support the Democrats running against them." (Ex. O.)
40. The Granite State Matters page published the same graphic as coming "From Sebastian Fuentes of Rights & Democracy," quoting him that the names were "verified by folks on the ground, allied organizations, staff, and town chairs, including the candidates." (Ex. O.) By his own account, his Free State lists come from his own network, not from the FSP.
41. In August, the Respondent's graphic called candidates "Free State aligned." In October, his graphics declared candidates "ENDORSED" under the FSP's name. He knew the difference between the two words, and he chose the false one.
42. The Respondent acted knowingly as to each element. He knew the graphics bore the FSP's name and logo, because he published all 78 of them. (Ex. A; Ex. B.) He knew the FSP had endorsed no one: when he spoke in his own words, in October and in August, he used "aligned," not "endorsed." (Ex. A; Ex. O.) He knew the post was public and told readers to share it. (Ex. A.) His conscious object was to influence votes: he published 24 days before the election and told readers that "People deserve to know who's running for office." (Ex. A.) RSA 626:2, II(a), (b).

VI. RELIEF REQUESTED

The Complainant requests that the Attorney General:

- a. investigate this violation under RSA 7:6-c;
- b. preserve the post, images, edit history, and account records by a preservation request to Meta Platforms, Inc. under 18 U.S.C. § 2703(f);
- c. identify every person, committee, and organization that helped the Respondent produce, fund, coordinate, or distribute the graphics, including where he obtained the FSP logo and the candidate lists; how the Rochester NH Democratic Committee obtained the graphics it posted on its own page; and whether the New Hampshire Democratic Party, its town and county committees, or Rights & Democracy NH directed, funded, or coordinated them;
- d. charge the Respondent under RSA 666:6, with each graphic charged as a separate offense;
- e. file the charges in superior court, RSA 625:9, IV(c)(3), or file notice of intent to seek class A misdemeanor penalties on or before arraignment, RSA 625:9, IV(c)(2). A class A misdemeanor carries up to one year in jail and a fine of up to \$2,000. RSA 651:2, II(c), IV(a). The violation was purposeful, knowing, large in scale, timed to the general election, and committed by a party officer and political professional; and
- f. issue a cease and desist order directing the Respondent, before November 3, 2026, to remove the post and graphics and to publish, on the same account and with the same prominence, a public statement that the Free State Project did not endorse any of the 136 candidates named on the graphics and that the endorsements were false, as the FSP itself has requested (Ex. R).

[00:05.80 - 00:09.06] Si vas a votar por primera vez en New Hampshire, tendrás que demostrar que eres

[00:09.06 - 00:12.84] ciudadano o ciudadana de los Estados Unidos. ¿No tienes pasaporte? ¿No tienes

[00:12.84 - 00:17.48] certificado de nacimiento? No pasa nada. Todavía tienes una opción. Una vez más

The Free State Project is a 501(c)(3) educational nonprofit. It introduces people to the idea, helps prospective movers learn about New Hampshire, connects newcomers with the community, supports major gatherings, preserves the movement's history, and helps people find ways to participate.

The organization is nonpartisan. It is not tied to a political party, does not run or financially support or endorse candidates, and does not endorse or oppose legislation. Individual Free Staters pursue their own projects and political activity independently.

People who promote violence or racial hatred are not welcome in the FSP.

New Coalition Looks To Alert the Republican Party About the Free State Project

A new coalition of concerned citizens has entered the scene in New Hampshire, with the goal of waking up others to the negative impact it says the Free State Project has had on the Republican party.

The head of the Free Staters Eric Brakey insists it is not a political organization.

Republicans Against the Free State Agenda is a coalition of citizens whose “goal is to break the hold the Free State Agenda has on the Republican Party by providing Republican voters with straightforward facts to evaluate independently,” per the organization. The Free State

Project was started in 2001 with the idea of a “mass migration to concentrate libertarians in one small state,” and now has between 6,000-10,000 participants.

“We knew there were a bunch of great organizations getting the word out about the Free State Project, but it didn’t seem to penetrate with the Republicans... We thought it was an important issue for the Republican party to sort out, and if they didn’t sort it out, they’d be defined by it. The campaign is for the Republican party, it’s just for getting the truth out there, getting the facts out there; Republicans can make their own decisions,” Spokesperson Jennifer Peabody said.

Peabody said there are about a dozen concerned citizens in the coalition working on the campaign, which she said will be geared toward social media platforms like Facebook, Instagram and X.com (formerly known as Twitter) to help spread awareness of the cause. The coalition will make regular posts several times each week until the election in November.

Peabody noted the group is made up of Republicans, moderate Democrats, and independents “trying to make the Republican party aware of what’s happening.”

“It’s not a threatening thing, it’s meant to be a help so that they (Republicans) can decide if they want their party to be defined according to the Free State agenda, and if they want their state to be defined by the Free State agenda.”

Eric Brakey, executive director of the Free State Project, said his project is a nonpartisan 501(c)(3) educational organization and they “do not run candidates, endorse candidates, or financially support candidates, and we are not an arm of the Republican Party or any other political party.”

“Free Staters who live in New Hampshire are individual citizens with their own political views and are free to participate in civic life, support candidates, run for office, and advocate for policies just like anyone else,” Brakey said.

Brakey continued that the coalition referred to the “Free State Agenda,” but added that it “doesn’t actually define that term or identify specific factual claims for us to respond to.”

“If this group publishes specific claims about the Free State Project, I’m happy to address them on the facts,” Brakey said.

Rep. Dan McGuire, R-Epsom, who moved from Washington state to New Hampshire for the Free State Project back in 2005, said he feels the project hasn’t had a big influence on the Republican party.

“It’s not the Free State Project, per say, that has any kind of political influence; it’s people who have moved to New Hampshire as a result of the Free State Project prompting them — such as myself, my wife (Carol McGuire, R-Epsom) — who had individually become involved in politics, become state representatives, or other offices and have had an influence, yes,” McGuire said.

McGuire said when he moved to New Hampshire and joined the Republican party that he didn’t feel out of place after getting involved.

“I don’t feel like I was somehow different or out of step with other Republicans,” he said.

Peabody said that she was born in Generation X, and that former President Ronald Reagan was the first influential president to her during her formative years. She said as a lifelong Republican, she feels that Reagan “would have rejected the Free State agenda as anti-American.”

Peabody cited things like dreams of secession from the Union, drug decriminalization, foreign policy isolation, and radical cuts to law enforcement and public schools and said “it seems as though it was going completely against what me and a lot of my associates have

always thought the Republican party represents.”

The coalition’s logo, a German Shepard named “Dutch” (after Reagan’s childhood nickname) has a porcupine — which has become a mascot for the project — hanging from its mouth. Peabody stated it’s not meant to reflect violence and that the porcupine is the dog’s squeaky-toy.

Another aspect that Peabody highlighted was the controversy in 2022 surrounding Gunstock Mountain Resort in Gilford. She called it “a prime example of an ideological crusade trying to dismantle a cherished, county-owned community asset under the guise of dogma.”

“In 2022, a coalition led by then state Representative and Free Stater Mike Sylvia attempted a libertarian takeover of the Belknap County Delegation and the Gunstock Area Commission,” Brian Beihl said. “Gunstock Ski Area was almost run into the ground, despite providing hundreds of jobs and hundreds of thousands in county revenue,” Beihl, organizer for Citizens for Belknap, said in a press release.

Aside from passing out information to Republicans until election day in November, some of the Republicans Against the Free State Agenda’s other goals are to:

- Raise awareness among Republicans about the impact the Free State Project’s agenda has on their Party.
 - Provide a clear distinction between the core ideological differences between a Free State Agenda and a Republican Agenda.
 - Encourage Republicans to consider voting for candidates not aligned with the Free State Agenda in the November midterm election.
 - Support legislators who vote their constituents’ interests over the Free State Agenda.
 - Support legislators and officials who speak out about the threat to their party even at the risk of facing marginalization, party censure, or political retaliation.

🔔🔔🔔🔔🔔 The Free State Project has taken over the New Hampshire Republican Party, and now they're trying to do the same to the Democratic Party by running in our primaries !!! Stay informed, hold them accountable, and support the Democrats running against them by donating a dollar or two. Canvass, make calls and most importantly, vote informed. It's time for us Democrats to be more aggressive. Let's make a statement this September and reclaim our state in November.

Free State Project: Candidate Endorsement Claims Are False.

By Eric Brakey • October 11, 2026

**FSP Does Not
Endorse
Candidates.**

FOR IMMEDIATE RELEASE — October 11, 2026

The Free State Project has not endorsed any candidate in the 2026 election. Circulating graphics claiming FSP candidate endorsements are false and unauthorized.

Graphics circulating on Facebook through New Hampshire Democratic Party affiliated pages use the Free State Project's name and logo to falsely claim that we have endorsed candidates for the New Hampshire House.

FSP asks everyone responsible for publishing or sharing these graphics to remove them and post corrections wherever they shared them.

FSP is a nonpartisan 501(c)(3) nonprofit and does not endorse candidates. Participation in the Free State Project, or agreement with its mission, does not constitute an organizational endorsement.

"People are free to debate our ideas and criticize our organization. They should not fabricate endorsements or use our logo to mislead voters," said Eric Brakey, Executive Director of the Free State Project. "We ask everyone responsible for publishing or sharing these graphics to remove them and publicly correct the false claims."

FSP has submitted an election-law complaint to the New Hampshire Department of Justice concerning a post published by the "Salem, NH Democrats" Facebook page. We are documenting additional examples and reviewing further options with our board.
